

Central Florida Dark Shadows Fan Club

In May 1991 fans from all over Florida joined in the "National Dark Shadows Rally Day" organized locally by long time fan Patrick McCann of Orlando. From there Patrick went on to officially start the "Central Florida Dark Shadows Fan Club" in 1992.

Our Club continues to grow with each meeting and is one of the most active Dark Shadows fan groups in the United States.

We meet at least four times a year. Time and location are always the same; flyers and email are sent out in advance to let members know the exact date. We enjoy a casual lunch and conversation followed by announcements of DS related news. We end each meeting by watching Dark Shadows videos, usually dealing with a chosen theme or storyline. Members are encouraged to bring their own Dark Shadows memorabilia to share with others. Many of us attend the annual Dark Shadows Fest, and other events, bringing back photos, stories etc. to share with everyone.

In the fall of each year we have a party to celebrate the end of another year of meetings. Over time our annual party has grown to include decorations, costumes, games and lots of Dark Shadows related fun. We even have made friends with other fans who live all over the world. It's a great way to make new friends and share your fondness for the "Show that Just Won't Die".

Other Club highlights have included a visit to one of our meetings by Diana Millay (aka Laura Collins), group outings to David Selby's book signing in Orlando and Universal Studio's Halloween Horror Nights.

We hope you will want to attend one of our gatherings and join in the fun! All ages are welcome.
